Artists don’t normally break on third albums anymore (ala Bruce Springsteen’s *Born To Run*), but Eleven Seven Music has created a model to make it happen (i.e. Buckcherry’s *15*). Eleven Seven Music released the Exies third album *A Modern Way Of Living With the Truth* on 5/15. The album reflects the band’s inner torment, a way of dealing with the uncertainty of the modern world. The album is their best by far and a pivotal move in their career with respect to going from a major label (Virgin) to Indie Eleven Seven Music.
